Correction to: The Operative management in Bariatric Acute abdomen (OBA) Survey: long-term complications of bariatric surgery and the emergency surgeon's point of view

Belinda De Simone^{1*}, Luca Ansaloni², Massimo Sartelli³, Yoram Kluger⁴, Fikri M. Abu-Zidan⁵, Walter L. Biffi⁶, Arianna Heyer⁷, Federico Coccolini⁸, Gian Luca Baiocchi⁹, the OBA trial supporters and Fausto Catena¹⁰

Correction to: *World J Emerg Surg* (2020) 15:2
<https://doi.org/10.1186/s13017-019-0281-y>

The original article [1] contained an error in authorship whereby author, Fausto Catena was mistakenly listed as part of the institutional authorship of the OBA trial supporters instead of in the correct position of final author.

As such, the original article has since been corrected to reflect the correct authorship.

Furthermore, this error was mistakenly introduced by the production team handling this article and, as such was not the fault of the authors.

Author details

¹Department of General and Emergency Surgery, Azienda Usl Reggio Emilia IRCCS, Reggio Emilia, Italy. ²Department of Emergency and Trauma Surgery, Bufalini Hospital, Cesena, Italy. ³Department of General Surgery, Macerata's Hospital, Macerata, Italy. ⁴Department of Emergency and Trauma Surgery, Rambam Health Campus, Haifa, Israel. ⁵Department of Surgery, College of Medicine and Health Sciences, UAE University, Al-Ain, United Arab Emirates. ⁶Department of Trauma and Acute Care Surgery, Scripps Memorial Hospital, La Jolla, California, USA. ⁷Sidney Kimmel Medical College, Thomas Jefferson University, Philadelphia, Pennsylvania, USA. ⁸Department of Surgery, Pisa University Hospital, Pisa, Italy. ⁹Department of Surgery, University of Brescia, Brescia, Italy. ¹⁰Department of Emergency and Trauma Surgery, Parma University Hospital, Parma, Italy.
